ALLOWANCE

Allowable Subject Matter

Claims 1, 2, and 4 are allowed. The use of longitudinally spaced plates lying in a plane perpendicular to an axis of a bore wherein said plates are capable of having voltage or current applied thereto, is known (Katz et al. '759). However, the prior art does not disclose an apparatus capable of applying alternating voltage to said plates. No other disclosure in the prior art would motivate one of ordinary skill in the art to apply alternating voltage in such a manner to said plates.
